**DOG AND PUPPY HEALTH STATEMENT**

Thank you for considering adopting a dog or puppy from Little Traverse Bay Humane Society. When a dog or puppy arrives at our shelter, he/she is immediately vaccinated, wormed and heartworm tested. We treat the animals for whatever health problems we see while they are with us. Unfortunately, the dogs or puppies may leave the shelter looking healthy but may come down with an illness after they get home. For this reason do not expose the dog to other dogs for at least two weeks.

The most common of these illnesses is the “doggy cold” or kennel cough. The common signs of the doggy cold are similar to humans and include coughing, sneezing, runny nose, watery eyes and chest congestion. This can become serious if not treated promptly. You will need to take your dog or puppy to a veterinarian. The cost for diagnosis and treatment may be more than \$75.00. Please be aware of this possibility before agreeing to the adoption.

There are other illnesses that may affect dogs and puppies. One of the most common problems that we have encountered is diarrhea due to change in diet. We feed and recommend NUTRO Chicken, Whole Brown Rice and Oatmeal because is it nutritionally good for your pet. Your pet may be on a special diet. Please discuss with staff if this is applicable. If you decide to change the food brand, it should be mixed gradually over a period of two (2) weeks with the food the animal is currently receiving. Please feel free to talk to us if you have any concerns or questions about any symptoms your pet may be experiencing or exhibiting.

You, “the owner,” will be financially responsible for any veterinarian and/or medical bills that this dog or puppy may incur once you adopt and the animal leaves our premises.

**If your dog or puppy does become ill, please notify LTBHS at 231-347-2396 immediately.**

Adoption of an animal is a serious responsibility. The guardian(s) must be capable of morally, physically, and financially accepting that responsibility.

I/we hereby desire to adopt the dog/puppy named “\_\_\_\_\_.”

I/we agree to provide proper food, water, shelter and kind treatment at all times.

I/we agree to take the animal to a veterinarian for examinations and immunizations as needed and to seek immediate veterinary care, at my/our own expense, should the animal become ill or injured. I/we understand that after a trial period of two weeks following the adoption, LTBHS can finalize the adoption and no refund will be given after that time if the animal has not been returned to the shelter.

I/we understand that LTBHS cannot guarantee the health, temperament, or training of the adopted animal(s) and hereby agree to release and hold harmless LTBHS from any and all liability for any accidents or injuries, which may arise out of my/our adoption of caring for this/these animal(s).

Health Guarantee and Return Policy

Little Traverse Bay Humane Society claims no liability in the health of our pets if they are to become ill. However, if the animal were to become sick within our two week trial period, the animal can be returned and your full adoption fee will be refunded within thirty (30) days.

If for some reason you decide not to keep your dog or cat after the two-week trial period is over, you must first contact Little Traverse Bay Humane Society. We have space limitations and an appointment will need to be arranged prior to returning your pet. The Adoption Fee will not be refunded.

Please be patient, there are a lot of animals in need of our services. We appreciate your cooperation.

ADOPTION APPLICATION**

Adopting a pet is a **lifetime commitment**. If you aren't prepared to work with your pet through the adjustment period and beyond, please look no further. If you won't keep your pet if you move or as your family grows, please look no further. If you aren't prepared to nurse your pet back to health if it gets ill or if it needs surgery, please look no further.

Rescue animals have been through so much – dumped in shelters or found roaming the streets. They have been abandoned, neglected, starved and possibly physically abused. They need **TIME, PATIENCE, UNDERSTANDING and LOVE** in order to succeed in their new homes. Sometimes it may take several months for a rescue animal to make the adjustment to your home and family. If you aren't **100% committed** to making this work with your new pet, please don't adopt. Any adopter of a rescue animal who has been through the adjustment period can tell you it's worth it. No pet is perfect just like no human is perfect. Please don't expect too much too soon from your new pet. We want every adoption to be successful.

**Please print clearly.**
